

Noah's Ark News

3rd March 2023

Dear Parents and Carers,

There has been a focus on collaborative play this week at Noah's Ark. The children have all been encouraged to take turns and co-operate with one another when using the toys and equipment. There have been some lovely examples of children rolling the ball to one another or taking their turn to put trains onto the train track. The children have particularly enjoyed rolling bouncy balls in different coloured paints and taking turns to roll it back to one another to make pictures. This type of cooperation requires patience and helps to form new and strengthen existing friendships between the children here at preschool.

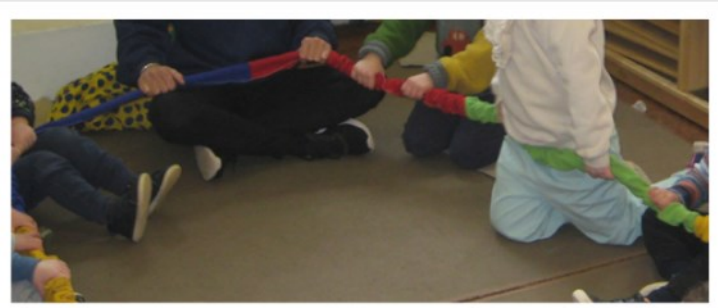

We are looking for donations for our mark making table please. Do you have any old birthday cards, envelopes, letters or papers that you could donate for the children to play with? They are especially fond of occasion cards put back into their original envelopes. Thank you!

This week the children have also been working hard making colourful handprints to create a display for Window Wanderland. This community event runs from 4th - 6th of March and sees the windows of Bishopston turned into a magical outdoor gallery. The Noah's

Ark children's design will be in the window of Pearce's hardware on Gloucester Road so please do wander past and take a look!

Wishing you all a lovely weekend,

The Noah's Ark Team.
