

Noah's Ark News

26th April 2023

Dear Parents and Carers,

There has been a focus on **cooking and food exploration** this week at Noah's Ark. The children have all enjoyed cutting up and tasting vegetables such as green peppers, tomatoes and cauliflower. Some children took home what they had cut up to show and share with their families. It has been wonderful to see everyone having a go at touching, exploring and tasting.

We hope to start growing some vegetables at Preschool during the warmer months to help children link the food that they are eating with where it comes from. We are also going to have a look at the book, 'Oliver's Vegetables' with the children.

We would love to invite all parents and carers to join us in the garden for a **warm drink and a chat** after drop off on **Monday 22nd May 8.45-9.45am**. This will be a great opportunity to have a chat with other parents and staff. Please bring your own coffee cup with a lid and we will fill it up with coffee or tea. We will be running these coffee mornings after drop off on Monday 22nd May, Tuesday 6th June and Monday 26th June.

As the weather is warming up, please make sure your child comes to Preschool with a **named water bottle**, particularly if they are staying for lunch and the afternoon session.

Wishing you all a lovely week,

The Noah's Ark Team.
