

Noah's Ark News

23rd June 2023

Dear Parents and Carers,

We have been embracing **technology** at Noah's Ark this week and thinking about how it can help us to do things more quickly and easily. The children have all loved learning about how different objects and appliances work.

During our thinking times we have talked about appliances that we may have at home and how they do their job. Key people have showed the children how a frozen slice of bread gets toasted in a toaster, how things get plugged in, how the photo copier works and how barcodes get scanned in shops. Some children have had a go at taking an old appliance apart with a screwdriver and thinking about how the parts fit together.

Those parents that have a child moving on at the end of the academic year, if you haven't already, please could you let us know which of the two Leavers Services you would like to attend. We will run two services this year on **Monday 17th and Tuesday 18th July 2.30-3.00pm**.

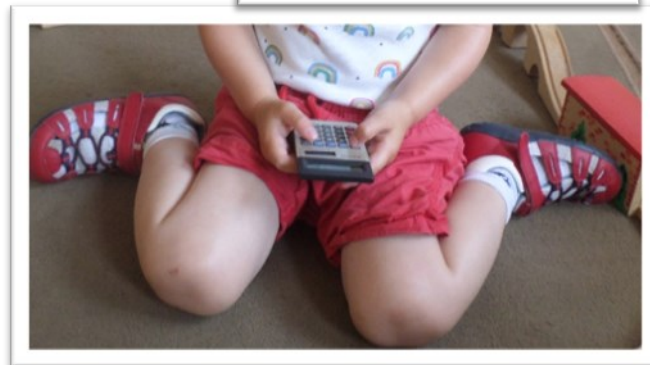

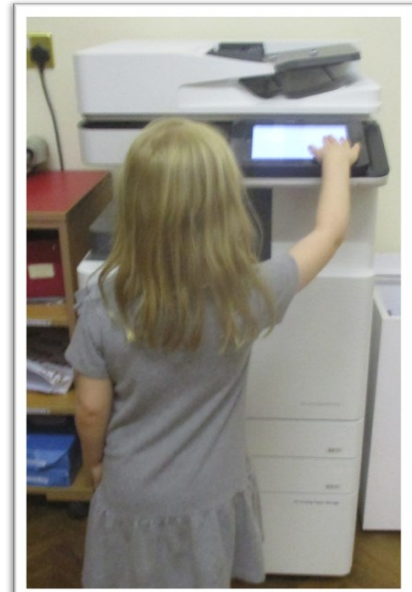

A reminder that our next **Coffee morning** will run on **Monday 26th June 8.45-9.45am** in the outside space. Please come along with your reusable cup and we will fill it with tea or coffee for you. It will be a great chance to meet other parents and have a chat.

Please could you ensure that your child has a suitable **change of clothing for the hot weather** in their Preschool bag.

There are a number of **scooters** that have been left behind the gate in the Preschool corridor. Whilst we don't mind scooters and pushchairs being left for the day whilst your child is at Preschool, we don't have room to store them for long periods of time. If any of the scooters belong to your child, please could you come and collect it. Thank you!

Have a lovely weekend,

The Noah's Ark Team
