

# Noah's Ark News

30th June 2023

Dear Parents and Carers,

We have been thinking about moving and handling this week. The children have had a great time practising their gross motor skills and building on their physical development. They have all used their arm muscles to move in and out of tyres, build structures with the outdoor bricks, balance hula hoops and play catching games with the balls.

Key People have been talking about the names of the different muscles in our bodies and when we use them. All these activities help to strengthen muscles before fine motor skills start to develop.

Thank you to the parents that were able to come to the Coffee Morning on Monday. It was lovely to see you all.

Our Summer Stay and Play session will be on **Monday 3rd July 3.30pm—5.30pm** in the Preschool rooms. Please let the office know if you can come and bring some snacks and a drink with you. Siblings are welcome and adults will need to stay with their children.

As the weather is really warm at the moment, the children are very thirsty when they have been running around outside. Please can you provide your child with a **named water bottle** which they can put on the lunch trolley. They can always access these water bottles and stay hydrated throughout the day.

Have a lovely weekend,

The Noah's Ark Team
